NCAS and BIG 5 LEND A HELPING HAND TO COBB'S CREEK PARK

The NCAS Mid-Atlantic Regional Office sponsored a "Community Service Day." Over 100 student-athletes from Big 5 institutions participated on September 30th at Cobb's Creek Park in West Philadelphia.

On this particular day, team colors did not matter as student-athletes worked side-by-side throughout the event. The student-athletes spent the day clearing trails, weeding, and cutting back overgrown tree limbs and shrubs. Cobb's Creek is a part of Philadelphia's Fairmount Park system.

The NCAS mission is "to create a better society by focusing on educational attainment and using the power and appeal of sport to positively affect social change."

****The NCAS Mid-Atlantic Regional Office is coordinated by The Philadelphia Big 5 and directed by Dr. Thomas Brennan (215.951.1425/brennan@lasalle.edu)*
